Sustainability Fusion

BIOFACH INDIA seamlessly integrates the Natural and Millets sectors, forming a unified expo that covers the entire industry spectrum in one central location. This holistic exhibition brings together the best of organic, natural, and millet products, offering a centralized platform for industry professionals and enthusiasts alike.

Here's why this event trio is an unmissable opportunity!

Retail Chains & E-Grocery: Connect with retailers, specialty stores, and e-grocery platforms sourcing certified organic ranges, millets, and natural wellness products.

White Labelling & Private Brands: Meet brands and startups sourcing organic ingredients, natural wellness products, and millet-based innovations.

Global Exposure: Buyers from 29+ countries sourcing Indian organic, natural, and millet-based products.

Institutional & HORECA Buyers: Showcase organic and natural foods to schools, hospitals, hotels, catering companies, and health-focused institutions.

FPOs, Exporters & Processors: Engage with FPOs and exporters sourcing organic and millet-based produce for domestic and export markets.

Direct Trade & Consumer Engagement: Build loyalty with India's growing health-conscious demographic and respond to rising demand for clean-label products.

NATURAL EXPO INDIA

All things about NATURAL

The 8th edition of NATURAL EXPO INDIA will provide a dedicated platform for manufacturers, distributors and suppliers of natural food and beauty products across multiple categories hosting many new specialties and artisanal products across food & beverage, health, lifestyle and nutrition segments. Whether you are looking to launch a new product, connect with top buyers, increase awareness of your brand, or tap into the latest natural trends, NATURAL EXPO INDIA can help to take your business to the next level.

HERBAL IN DEMAND

India's nutraceutical market is projected to touch **\$18** billion by 2025, with herbal products driving nearly half of production and growing FDI fueling global expansion.

MILLETS SHINE

India is the world's largest millet producer, contributing **40%** of global output (18+ million tonnes) and projected to grow at **16% CAGR**.

MILLETS INDIA

Back to the roots with sustainable & humble millets!

In its fifth edition, **MILLETS INDIA** serves as the exclusive platform for the millets industry, uniting stakeholders from the entire ecosystem and generating significant interest in millet-based products and knowledge sessions. Indian policymakers have introduced initiatives to support millet farming and create a favorable environment for farmers and processed millet food manufacturers, while major brands have launched their own millet-based offerings.

Expand Your Brand's Reach – Nationally & Internationally!

High demand for Indian organic produce

With an anticipated CAGR of 25.25% from 2022 to 2027, the Indian Organic Market is on the rise.

Industry hub for South Asian market

BIOFACH INDIA is the procurement hub with buyers from more than 18 countries.

Most important knowledge platform

The concurrent conference sessions provide immense information, knowledge and insights from global experts.

Network with the entire industry

BIOFACH INDIA brings together all the industry stakeholders – farmers, FPO's, producers, manufacturers, buyers, importers, exporters etc.

" BIOFACH INDIA, jointly organized by NuernbergMesse India and APEDA, stands out for bringing the entire organic value chain together in one place. Every booth is alive with business and serious buyers. With our Honourable Prime Minister's vision of India becoming the organic basket of the world, platforms like this play a vital role by connecting farmers, producers, suppliers, and buyers while also highlighting new policies and market trends that shape the sector. We now look forward to BIOFACH GERMANY next year, where India will be the 'Country of The Year - a strong acknowledgment of the global confidence in Indian organic produce."
